Howard Phillips Lovecraft forever changed the face of horror, fantasy, and science fiction with a remarkable series of stories as influential as the works of Poe, Tolkien, and Edgar Rice Burroughs. His chilling mythology established a gateway between the known universe and an ancient dimension of otherworldly terror, whose unspeakable denizens and monstrous landscapes -dread Cthulhu, Yog-Sothoth, the Plateau of Leng, the Mountains of Madness - have earned him a permanent place in the history of the macabre.
